

# INTEL CORPORATION MANUFACTURING PROCESS / PRODUCT CHANGE NOTIFICATION

**CONVERSION #:** 105  
**CONVERSION TITLE:** Box Numbering Elimination in "( \_\_\_of\_\_\_)" Field of Standard Intermediate Box Label.  
**DATE:** 9/26/95  
**CUSTOMER REQUIREMENT COMMUNICATION DEADLINE:** 11/22/95

## TYPE OF NOTIFICATION (CHECK ONE):

Final Notification

## RECOMMENDED ACTION FOR CUSTOMER:

No customer action necessary unless Box Numbering is a requirement. If so, this requirement must be communicated back to Intel by **11/22/95**. If a customer fails to respond before **11/22/95** Intel will impute acceptance of this change.

## KEY CHARACTERISTICS OF CHANGE:

Label Content Change

## DESCRIPTION / BENEFITS OF CHANGE:

Intel will be eliminating the box numbering from the Standard Intermediate Box Label (see the attached Figure 1). Though the "( \_\_\_ of \_\_\_ )" Field will remain to accommodate those customers who still require box numbering, the new Intel standard business practice will have no box numbering entered here. As box numbering is done manually, this change will reduce Administrative Quality Errors and shorten the time needed to ship Intel product.

## KEY MILESTONES:

First Use of Labels without Box Numbering: **01/05/96**

## PRODUCTS AFFECTED:

All Intel products using the Standard Intermediate Box Label.

DOCUMENT:	WHERE FOUND:
1) Label Illustration	Attachment 1

## WHEN YOU RECEIVE THIS NOTIFICATION, PLEASE TAKE THE FOLLOWING ACTIONS:

If Box Numbering is still a customer requirement please communicate this to Intel by **11/22/95**. If it not a requirement then no action is necessary.

Please provide questions and/or feedback to your Intel Field Sales Representative.
